AN EYE FOR THE FUTURE

Retinal Photo Consent Form

At iSee VisionCare, Dr. Sonneberg strives to bring you all the latest technology to help ensure that your eyes stay healthy for the future. That is why we offer you an elective picture to be taken of the back of the eye, the retina. This picture allows Dr. Sonneberg to pick up diseases at a much faster rate. It can help her manage and diagnose glaucoma, macular degeneration, diabetic eye disease, high blood pressure, elevated cholesterol and many other diseases that could affect vision in your eyes.

This procedure is not covered under your insurance because it is a screening tool. Dr. Sonneberg likes to have this picture taken on every patient for their yearly eye exam. Again, this picture allows Dr. Sonneberg to help ensure that your eyes stay healthy. There is a **$39** fee for this photo.

Please sign below to let Dr. Sonneberg know that you would like to have this elective photo done.
